## Instructions

1. Cut a 4.25x5.5 panel out of Altenew Classic Crest Solar White Cardstock.
2. Clear emboss several leaves from Altenew Beautiful Day, Vintage Roses and Vintage Flowers Stamp Sets. Use solid images of leaves from each set.
3. Ink the whole panel using Altenew Morning Frost Crisp Dye Ink. Put the panel aside for some time to let ink dry completely or speed up the drying process with a heat tool.
4. Clear emboss some more leaves from Altenew Beautiful Day, Vintage Roses and Vintage Flowers Stamp Sets. Use solid images of leaves from each set.
5. Ink the whole panel using Altenew Evening Gray Crisp Dye Ink and again let it dry completely.
6. Stamp several leaves from Altenew Beautiful Day, Vintage Roses and Vintage Flowers Stamp Sets using Altenew Evening Gray Crisp Dye Ink. Use solid images of leaves from each set. Remove ink excess from clear embossed leaves using paper towel.
7. Place a piece of scratch paper onto the panel and iron it. Set your iron setting to dry and highest temperature. Embossing powder will melt and transfer onto the scratch paper and you will get a completely flat panel with no relief that embossing results with. This step is optional. If you are good with having a bit of embossing relief you can skip this step.
8. Using a rectangle die place it angled onto the panel and run through die-cutting machine cutting the panel into two pieces.
9. Adhere the bottom piece onto a white card base.

10. Cut another panel out of Altenew Classic Crest Solar White Cardstock the same manner as in the previous step.
11. Stamp a sentiment from Altenew Thinking of You Stamp Set onto the panel using Altenew Evening Gray Crisp Dye Ink and foam mount it to the card base.
12. Adhered the top part of the panel onto a white card base.
13. Stamp a sentiment from Altenew Thinking of You Stamp Set onto the panel using Altenew Evening Gray Crisp Dye Ink

## Instructions

1. Cut white cardstock 10 ½" X 8" and fold this in half to create the card base.
2. In the lower left corner of the card front stamp the top portion of the bottle outline with Dark Chocolate ink and color this with Prismacolor pencils.
3. Color a scrap piece of white cardstock with BG11 and stamp out the sentiment in black ink. Then create your own 'speech bubble' around the sentiment with the oval stamp from the set, then fussy cut this out.
4. Pop this up on the right side of the bottle.
5. Add some ultra fine prisma glitter to the bubbles at the top of the bottle and some Glossy Accent bubbles to the outside of the bottle.
