

Galina Filippenko

1. What motivated you to start making cards and begin stamping?

Before I discovered card-making, I was a scrapbooker and a mixed-media artist. I always love to make personal layouts and give them to my friends, but sometimes my layouts were too big - the biggest one was 12" x 25"! So, I decided to make something smaller and classic. It's so much easier to send a regular card instead of a layout. :)

2. How did you fall in love with Altenew?

I remember that day clearly. :) I saw the Vintage Roses Stamp Set on my friend's card and my first thought was: "What a genius idea to make layered roses!". The next genius products were crisp dye inks, with perfect color combos and perfect shades of green and pink. As I was a beginner, it was awesome to know I can make a nice, crisp stamped image from my first try.

3. Your cards are always full of fun techniques and vibrant colors! Do you have a favorite technique to do? Please share some tips with us!

I love to experiment with different techniques and I love to combine more than two techniques on the same project. But my favorite technique is masking. Using only one floral stamp and a few masks, you can make bouquets, floral patterns, shaped wreaths, and so much more!

4. Do you have a specific style that you are comfortable with or like to stick to?

I'm in love with a clean and simple style. I always try to keep in mind one main rule - less is more - but 90% of the time, I fail and I get something different in result. That's why I can say I have a specific, unexpected card-making style.

5. Can you share a favorite card you made previously using Altenew products?

Products Used: [Totally Tropical Stamp Set](#), [Green Fields Mini Cube Set](#), [Sunflower Field 6 Mini Cube Set](#), [Red Cosmos Mini Cube Set](#)

6. This is just for fun! If you can choose only three crafting supplies for the rest of your life, what would you choose?

I would choose stamps, Copic markers, and inks.
